

DODDLE

How It Will Help You With Your Homework

To log in to Doodle, go to www.doddlelearn.co.uk and click on the login button at the top.

Enter your school name, username and password.

This username and password will look something like:

Username: JohnSmith15

Password: password (unless your child has changed it).

It is NOT the same username and password as Google Classroom.

If your child has changed their password, they can get it changed by either:

- a) Going to the ICT room (upstairs next to the library) any lunchtime;
- b) Seeing Mr Perry or Mrs Hopwood.

Doing your homework

On the home screen, you'll see your 'To Do' list. This lists your homework across all subjects, in order of how soon it's due.

To complete a homework, click on an assignment in your To Do list.

You can then see all the quizzes your teacher has assigned, as well as any comments they've made.

In Browse, you'll find:

 **Presentations** – in-depth introductions to whatever you're studying.

 **Worksheets** – use these during exam preparation to vary your revision.

 **Revision** – quickly recap a topic when you're revising for exams.

 **Interactives** – animations and activities that let you see ideas in action.
